

# Vermont Institute of Natural Science Annual Report 2013~2014

## Annual Report April 1, 2013 ~ March 31, 2014

### In Retrospect

2013-2014 marked a year of transition, considerable capital improvement, enrichment and expansion of educational programming, as well as positive, steady growth at the Nature Center. VINS celebrated its 40th Anniversary in July of 2013. Opera North partnered with VINS to bring together many mutual supporters, friends, and colleagues for a Gala Sunday event, which culminated in a grand celebration at the VINS Nature Center. This extraordinary day and evening commemorated VINS' remarkable strides in education, avian rehabilitation and research over the past forty years.

### Leadership Changes

This year brought significant changes in leadership as seven-year veteran President John Dolan, stepped down from his post in September of 2013, leaving behind a legacy of remarkable achievements and a forward-thinking philosophy, continually supported by reliable navigation and a steadfast focus at the helm. Judy Callens, former VINS Chair of the Board of Trustees, stepped in to serve as Interim Executive Director. Facing a new challenge, after retiring from Hartland Elementary School as Principal, Judy served in this role with brilliant wisdom, talent, ease, and grace for nine months. Her marked contributions helped VINS maintain the authenticity of its vision and mission, as well as continue to move forward with an innovative approach to all things education, research and avian rehabilitation.

### Accomplishments

Among VINS' far-reaching and many achievements of 2013, was the unveiling of the ADA/ABA McKnight Nature Trail, named after co-founder June McKnight. One of VINS three interpretative nature trails, the 1/2 mile McKnight Trail is now accessible to individuals of varying mobility levels, including those using wheelchairs and strollers. In helping VINS' maintain a position in the forefront of the world of accessibility, were generous funders of the new Trail including the Chichester duPont Foundation, New Hampshire Charitable Foundation, TransCanada Corporation, Fields Pond Foundation and the Christopher and Dana Reeve Foundation. We are most grateful to these organizations and numerous other supporters, volunteers and Staff who have helped make this vision a reality.

June McKnight

## Annual Report

### April 1, 2013 ~ March 31, 2014

#### Wild Services Rehabilitation

In February of 2014, Wild Services Rehabilitation received a \$40,000 grant to help fund the new capital improvements slated for the upcoming year. With this extremely generous grant from the Sarah K. de Coizart Article TENTH Perpetual Charitable Trust, Wildlife Services was able to construct two new rehabilitation enclosures, two songbird aviaries, and upgrade the campus data communications system to a broadband network. In addition, with the support of private donors, we were able to improve our ICU unit with new windows and incubators. We could not have accomplished this very important work without the dedicated, competent skills of our volunteers, especially Peter Mitchell, and our facilities manager James Vezina. Yet, more dreams realized through the help and work of others.

#### Naturalist-in-Residence

The Naturalist-in-Residence Environmental Education Program continued to soar to unprecedented heights in 2013-2014, as the program took off with six participating schools in 2013 and landed the academic year with eleven participating schools, thus demonstrating a forty-five percent increase. VINS School Programs adopt a science inquiry place-based approach to education and an innovative collaborative partnership with school teachers, allowing for VINS Educators to individually tailor lessons and units for each classroom. One teacher's positive comment regarding VINS' programs includes, "The educator inspired an enthusiasm in the kids to learn more about the topics... They felt so knowledgeable after each presentation." And, another stated, "I can't think of anything I would change, except for having more time." Again, dreams that are driven by the spirit of cooperation.

#### BY THE NUMBERS

2013-2014

**14,857**

*Participants in VINS' education and outreach programs*

**24,500**

*Visitors to the VINS Nature Center*

**5,414**

*Volunteer hours of service at the VINS Nature Center*

**406**

*Injured wild birds treated by VINS Rehabilitators*

**375**

*Campers enrolled in VINS Nature Camp Programs*

**702**

*Students and **201** Teachers participated in VINS' School Programs including Small Wonders, Elf Science Programs, and the Science Symposium*

## Annual Report

### April 1, 2013 ~ March 31, 2014

#### Nature Camp

VINS Nature Camp expanded in 2013 serving 375 children in over four locations. In 2013, we added another camp site at the Upper Valley Aquatic Center. Our numbers remained steady, despite the revamping of one of our signature programs. We were fortunate to receive grant funding that enabled sixty-two campers to attend Nature Camp. The Thomas Anthony Pappas Foundation, The Agnes Lindsay Trust, and the Donley Foundation continued their generous support of scholarship funding for Nature Camp 2013. Parents continue to laud the benefits of the VINS Nature Camp program: “The quality of the camp programs is excellent,” and “my child has a stronger appreciation for nature and outdoor activities.” Again, dreams of children realized through the dedication and support of others.

Lastly, our ever-popular annual Halloween event, Hoots & Howls, drew a record number of Trick-or-Treaters in 2013 with more than 300 children and adults. The evening was filled with fun and thrilling festivities, ranging from scary, ghostly skits to tours throughout the jack-o-lantern lighted campus, guided by a costumed VINS volunteer. This event simply exemplified the creativity, originality, commitment and expertise of the VINS Staff and volunteers. Generous sponsors of the celebration included Briar Rose Deli at the Quechee Mobil, Cabot Cheese, Cedar Circle Farm, Co-op Food Stores of NH & VT, Hannaford Supermarkets, Pizza Chef of Quechee, Riverview Farm, Trap Door Bakehouse & Café, and Walmart.

Our staff and board are continually inspired by the inquisitive nature of our visitors, children and adults alike, as they discover the wonders of the natural world through the VINS Nature Center. VINS has served as a reliable presence in the region for more than four decades; however, we are always striving to keep all of our programming and facilities modernized and relevant to our mission and audience. It is your support that makes this all possible.

With gratitude and best wishes,

Judith Callens  
Interim Executive Director

Len Cadwallader & Kenneth Alton  
Co-Chairs, Board of Trustees

## Financials

### April 1, 2013 ~ March 31, 2014

The Vermont Institute of Natural Science, Inc. (VINS) is a registered 501(c)(3) nonprofit organization supported solely by donations, grants, volunteers, program fees, admissions to the VINS Nature Center in Quechee, Vermont, and sales from our Nature Center Store. We receive no government funding for operating support.

#### OUR MISSION

VINS is a 501(c)(3) nonprofit organization whose mission is to motivate individuals and communities to care for the environment through education, research, and avian wildlife rehabilitation.

#### OUR PRIORITY

Making high-quality, compelling, and fun environmental education programs and learning opportunities accessible to more people and communities.

#### OUR VISION

To promote and deliver integrated programs and services that are designed for a broad audience and address current ecological challenges. Specifically, VINS offers:

- An exceptional environmental education resource at the VINS Nature Center,
- conservation of our native bird populations through rehabilitation and education,
- creative collaboration with other organizations, and
- support for focused environmental research.
