

● FISCAL YEAR 2025

ANNUAL REPORT

INTRODUCTION

VINS MOVES FORWARD

The fiscal year that ended March 31, 2025 marked a pivotal transition for VINS. Having grown tremendously under the leadership of Charlie Rattigan and Mary Davidson Graham during the prior decade, the organization now reached a moment of reflection. As these two leaders moved on, could VINS continue to thrive? Could it become even more dynamic, mission-focused, and responsive to the dire challenges facing the natural world?

Fueled by the work of our staff and volunteers, the care of the Board, and the generosity of the donors named herein, the answers were a resounding YES.

I cannot overstate how gratifying it was, in my first year, to have the community show up in this way. As we now prepare to write a strategic plan, new innovations and milestones lie ahead. There is still plenty of room under our tent for more people to join, so please visit us soon and bring a friend. The world needs VINS to be strong, and thanks to you, we are thriving.

We are grateful for your support!
